

EFFECTIVE

May 1, 2017.

Subject(s)**JR2 207, Reentry Planning and Preparation**

The definition of Unplanned Release was added.

Phase Two, Going Home, was updated to include the treatment and transition team for release preparation, as well as the process for referrals for community-based services prior to release of the youth.

The requirement to complete release outcome reporting in MiSACWIS was added.

Phase Three, Staying Home, has been removed from this policy.

This item updates the legal base to include:

- The Youth Rehabilitation Services Act, 1974 PA 150 as amended, MCL 803.307, providing requirements for release of a youth from a facility.
- The Juvenile Justice Facilities Act, 1988 PA 73, as amended, MCL 803.225a, prohibits a youth to be released to a community placement until DNA samples have been collected.
- Mich Admin Code, R 400.4109, requires residential facilities to have a program statement made available to the youth, the youth's parent(s)/legal guardian(s) and referral resources that address the services that will be provided to the youth and the youth's parent(s)/legal guardian(s) directly by the facility and/or outside service providers.
- Mich Admin Code, R 400.4166, provides requirements for release report documentation and time frames for all planned and unplanned releases of a youth from a residential facility.

Reason: Program office clarification, MiSACWIS implementation and RFCJJ contract amendment.

Forms**DHS-PUB-343, Reentry Handbook**

This publication is obsolete.

DHS-449, Juvenile Justice Reentry Care Coordination Referral

This form was updated and the previous version is obsolete.

**DHS-737, Referral for a Contracted Care Coordination
Organization Participation**

This form is obsolete.
